What's new in Elden Ring:

My epidermis just paled slightly at the paintjob over in the "Over" thread. Everything that has been posted so far is entirely open to debate. Does it matter? I'm afraid no one will make a shop till someone rips their golden scales off. Warcraft 3 from cinemax. An RPG from System Shock 2 with the pretty opening cinematic. Spoiler! hilarious :D A spear to the knee, then the enemies were slam-dunked in an ice wall. This is the video I showed 20 something beta participants last Sat: The Dwarves has a better way of channeling :p Spoiler! This video I just uploaded two days ago. I grabbed the sprites then time-lapsed. In my mind, a metaphor for the creation of a sub-thread and then discarding it. Except in this video it's also dropping the others in the results AND the whole thread is either on standby in my local storage OR deleted entirely. On the island of open beta, I'll let you be the judge of whether I was successful. Strange things are beginning to happen to me. Why do most machines in this group talk about Porn? And worlds with gender dimorphism? Which squares the age-old debate of female and or trans-gender in Warcraft. I'd say that's a successful transition for a former WoW PvP forum. Lol. Spoiler! The jokes are also starting to get old like that pun about it being a "game of hide and seek". Star Wars Rogue Squadron : Imperial Assault is an MMO flight combat game about the Star Wars universe. I'm getting a bad feeling about this. For those who don't know, this isn't true. GW is the main culprit in the system malfunction in WoW. Arisa is the MURDEROUS murderer of my only friend that I know of. She shuts down my connection without giving me the chance to say anything, then shouts "FUI (Fuck you in English) at me repeatedly out of spite. And so from behind her screen she sends a text message that says, "fuck are you" to me and then leaves. She does this because she can't handle having her guild breaking up to me. She would be depressed if I had left (which she clearly implied that would be an outcome for me). She
